

KOTTAYAR TRADING AGENCY (KTA)

DIRECT ORIGIN INSTITUTIONAL SPICE SOURCING & CULINARY SUPPLY

OFFICIAL SERVICES PROFILE

Registered Trade Desk · Chennai,
India

Direct Farm-Gate Integration for Luxury Hospitality, Commercial Grinders & Extractors

Kottayar Trading Agency (KTA) is an origin-integrated commodity and culinary supply firm operating across South India's prime growing tracts (Kerala and Tamil Nadu). We eliminate intermediary trading tiers to provide 5-star hotel chains, restaurant networks, cloud kitchens, and industrial extractors with lab-certified, single-origin whole spices, custom botanicals, and high-velocity JIT logistics.

CORE SERVICES & OPERATIONAL CAPABILITIES

SERVICE 01 · PRIMARY COMMERCIAL SUPPLY

Institutional Wholesale Spices (500kg+ MOQ)

Bulk origin procurement and supply of clinical-grade spices for high-volume commercial kitchens, hotel chains, and food processors.

- **Packaging:** 40kg heavy-duty food-grade, moisture-sealed master bags or custom drum packs.
- **Core Varieties:** Tellicherry Bold Black Pepper, Alleppey 8mm+ Green Cardamom, Guntur Stemless Chillies, Cochin Dry Ginger, High-Curcumin Turmeric, and Single-Origin Seed Spices.
- **Consignment Scope:** 500kg minimum commercial order up to multi-ton container loads.

SERVICE 02 · RAPID KITCHEN LOGISTICS

Hotel Smart 24/7 Par-Level Replenishment

Just-in-time culinary dispatch infrastructure designed to eliminate hotel kitchen stockouts, reduce food waste, and preserve chef cash flow.

- **Metro Rapid Corridor (Chennai, Bengaluru, Hyderabad):** 2 to 6-hour guaranteed emergency delivery.
- **Interstate Trunk Corridors:** 12 to 24-hour scheduled par replenishment.
- **Operational Benefit:** Frees up executive chef storage space and prevents bulk capital hoarding.

SERVICE 03 · QUALITY VERIFICATION

Chef Discovery & Welcome Sample Program

Pre-procurement trial kits for verified Executive Chefs, F&B Directors, and Corporate Purchase Managers.

- **Zero Minimum Trial:** Curated Discovery Sample Boxes shipped directly to hotel bays.
- **Testing Scope:** Enables culinary teams to benchmark volatile oil yields, aroma profiles, and grind potency.
- **Rapid Onboarding:** Streamlines formal vendor registration and annual rate contract finalization.

SERVICE 04 · ON-DEMAND SOURCING

Custom Botanical & Origin Commodity Sourcing

Leveraging 25+ years of direct grower networks across Kerala and Tamil Nadu to procure non-cataloged spices and customized agricultural specifications.

- **Rare Varietals:** Estate-specific harvests, specific mesh powder sizes, and micro-lot single varietals.
- **Direct Farm-Gate Aggregation:** Origin cleaning, gravity density separation, and custom moisture grading.
- **Contract Farming Sourcing:** Tailored harvesting cycles aligned with commercial production runs.

SERVICE 05 · INDUSTRIAL EXTRACTION SUPPLY

Oleoresin, Distillation & Byproduct Biomass

High-tonnage supply of density-graded botanical fractions and spent spice residues engineered for extractors and pharmaceutical processors.

- **High-Piperine Fractions:** Pepper pinheads, light berries, and pepper husk graded for volatile oil yields.
- **Spent Spice Biomass:** Post-extraction spent ginger slices, spent pepper, and spent turmeric residues.
- **Industrial Applications:** Natural essential oils, oleoresin extracts, seasonings, and organic animal feeds.

SERVICE 06 · INTERNATIONAL TRADE

Export-Ready Processing & Jumbo Packaging

End-to-end farm-gate origin procurement, professional cleaning, export-grade grading, and containerized logistics for international importers.

- **Packaging Options:** Multi-layer moisture-barrier master bags, drum containers, and FIBC jumbo bulk bags.
- **Produce Scope:** Raw agricultural produce, green ginger, sun-dried pepper, and whole botanicals.
- **Documentation Ready:** Phyto-sanitary certificates, FSSAI clearance, and complete export compliance.

QUALITY ASSURANCE & CLINICAL CERTIFICATION

STANDARD PARAMETER	KTA QUALITY BENCHMARK	INSTITUTIONAL CUSTOMER BENEFIT
Volatile Essential Oils	Preserved ex-origin via heavy-duty nitrogen/moisture barriers	30% higher flavor extraction potency in culinary and grinding applications
Moisture Content	Strictly controlled below 11.0% to 12.0% standard thresholds	Zero microbial or fungal contamination during transit and kitchen storage
Laboratory QC Testing	GC-MS chemical assays, curcumine/piperine percentage validation	FSSAI compliant, audit-ready documentation for 5-star hotel hygiene compliance
Traceability	Single-origin batch tracking with estate coordinates	Transparent farm-to-table authentication for premium menu storytelling
