

KOTTAYAR TRADING AGENCY (KTA)

TECH-ENABLED CULINARY SUPPLY & EXTRACTION INFRASTRUCTURE

Transforming India's \$32 Billion commercial spice market by connecting single-origin Highland farmer cooperatives directly to luxury hotel kitchens, commercial food processors, and industrial extractors.

SECTION 01

EXECUTIVE SUMMARY & KEY METRICS

KTA eliminates the 4 to 6 tiers of speculative brokers in the traditional spice trade. We operate an origin-integrated physical and digital supply chain delivering clinical lab-certified, high-potency whole spices with guaranteed rapid turnaround.

CURRENT OPERATIONAL FOUNDATION

KTA operates today with strict capital discipline, maintaining positive operational cash flow and unit-level gross profitability on every metric ton supplied.

OPERATIONAL PARAMETER	CURRENT OPERATIONAL STATUS
Operating Model	Founder-led, lean operating structure with minimal fixed overhead and zero debt.
Origin Integration	Direct relationships spanning 25+ years across Idukki, Wayanad, and Guntur.
Registered Trade Desk	No. 13/28, Mylai Periyathambi Street, George Town, Mannadi, Chennai – 600001.
Active Product Scope	46 commercial SKUs across single-origin spices, premium dry fruits, and extraction biomass.
Client Acquisition Funnel	Complimentary "Chef Discovery Welcome Kits" deployed to executive chefs to secure annual supply RFQs.

STRATEGIC GROWTH & TECHNOLOGY ENGINE

With growth capital, KTA is scaling three integrated infrastructure and technology pillars:

1. Hotel Smart 24/7 Rapid Logistics Network

PHYSICAL LOGISTICS MOAT

Guaranteed 2-hour inner-city and 24-hour interstate fulfillment micro-hubs across Chennai, Bengaluru, and Hyderabad. Solves chef dead stock and spoilage by converting hotels from bulk hoarding to agile, automated daily par replenishment.

2. Industrial Extraction & Agricultural Byproduct Desk

HIGH-TONNAGE CASH FLOW

Monetizing the full botanical lifecycle by supplying raw botanicals, density-graded pinheads, lite berries, and spent spice residues directly to oleoresin distillers, essential oil plants, and overseas importers in FIBC export containers.

3. Proprietary B2B Culinary ERP Software

DIGITAL PLATFORM MOAT

Specialized SaaS workflow tool for Executive Chefs and F&B Purchase Directors featuring 1-tap automated reordering based on daily meal covers, instant GST pro-forma invoicing, digital GC-MS lab assay dossiers, and AP ledger sync.

4. Institutional Embedded Trade Credit Facility

FINTECH MONETIZATION

Structured 15 to 30-day revolving credit lines for verified 5-star hotel chains, supported by automated digital billing and historical consumption data.

3-YEAR FINANCIAL PROJECTIONS (POST-INVESTMENT)

SECTION 07

USE OF EXPANSION FUNDS

Capital will be allocated systematically across technology, origin procurement, and micro-fulfillment assets:

- 35% Technology & B2B Kitchen ERP Platform:** Engineering automated par inventory engines, digital GC-MS lab assay integration, and enterprise accounts payable connectors.
- 30% Direct Farm-Gate Working Capital Float:** Pre-booking seasonal harvest lots ex-origin to lock in high-volume cost advantages.
- 20% Hotel Smart Rapid Micro-Hubs:** Deploying cold-storage fulfillment centers across Chennai, Bengaluru, and Hyderabad corridors.
- 15% Institutional Sales & Culinary Accounts Team:** Business development team securing annual supply master contracts with luxury hotel chains.
